

I Only Came for You

Wood

Have I been fooled by wishes
The room turned misty blue
I'm fast asleep in Kansas
From a dream come true
And I, I, I only came for you
I don't want anything that happens
And we just hold it here
Somebody go and fetch your father
I see it all so clear
Have I been taken over
I dream I'd have a clue
I'm feeling less than sober
Are you there way to
And I, I, I only came for you
Have I been fooled by wishes
I dream I'd have a clue
I'm fast asleep in Kansas
I only came for you
