

# 2 Cups of Blood

## Gravediggaz

Aiyyo Reaper, those kids out there say you're mad thirsty  
You got somethin' for them to drink?  
Yo, we can wet up 2 cups of blood  
Arm to the leg, leg, on to the head, yo  
Be the Ryzarector, resurrect the mental dead  
G to the R to the Y M Reaper  
As I get deeper than a crypt, resurrect, kid  
Don't go against the grain, mad slang is my thang  
I leave the hearty party with a bang buzza  
Boom, check my tune, it gotcha hyper  
Don't give a fuck about a sucker C-Cipher  
As you decipher the tricks of a viper  
Swine is lethal, is evil  
I am original, we can build upon  
The ill form and keep all your braincells warm  
Hocus pocus, yo, what's the focus?  
Weak techniques you speak, the shit is bogus  
Even in a mortuary, slangin' some boom  
As I seek the knowledge from the womb to the tomb  
Yo, deadly, deadly, hyah, get ready  
Here come the Styler, wilder than Freddy, dead  
'Cause a Krueger, boom, I do ya  
Just to let ya know Gravediggaz comin' through ya  
Dead stinkin' rotten, your braincells forgotten  
The past, you had your bumba raas pickin' cotton  
Now ya hate ya knotty hairstyles  
I guess you figure the texture is too wild, child  
2 cups of blood, boy  
2 cups of blood, girl  
Alright, drink that shit up
