Do U Wanna?

Mike Posner

I wake up early in the morning
You go to sleep late at night
I kinda front like I don't want you
Inside I'm losing my mind
Do you wanna be my baby?
Do you wanna be my girl?
Don't tell me that you got a boyfriend
Don't tell me I'm not your type
Let's do a little less talking
And a little more, little more, little more feelin' right
Do you wanna be my baby?
Do you wanna be my girl?
Do you wanna be my baby?
Do you wanna be my girl?
Let it breathe, let it breathe
Let it breathe, let it breathe
I like to play hard to get
I walk around talkin' shit
But you know just what I need
See I don't got time for games
And I can't afford diamond rings
But you know, you know, you know
You should be with me
Do you wanna be my baby?
(Say it baby)
Do you wanna be my girl?
Do you wanna be my baby?
(Would you be my baby?)
Do you wanna be my girl?
