

# I Got Your Number

Tom Jones

Advisory - the following lyrics contain explicit language:

I got your number  
I know you're gonna be there when I call  
I got your number, baby  
I'd say you ain't got no choice at all  
No, no, no, no...I took your head from lonely,  
Chased your pain away  
I gave you more than loving  
In my special way I said  
I shocked you out of boredom,  
Made you a faithful wife  
Gave you an education  
On the facts of life  
In you there's come a change  
I'll be damned, I got you trained  
Yeah, yeah, yeah, yeah...I got your number  
I know you're gonna be there when I call  
I got your number, sugar  
I'd say you ain't got no choice at all  
No, no, no, no, no...Why listen to your girlfriends  
When they can plainly see  
That the boy that they call lover  
Ain't half the man as me  
I don't have to do nothing  
Long as you're satisfied  
Cause if you need more loving, baby  
There's plenty more inside  
Just tell them "I'm glad that he's my man"  
Something they'll never understand  
No, no, no...I got your number  
To know you're gonna be there when I call  
I got your number, sugar  
I'd say you ain't got no choice at all  
No, no, no, no, no, no...My hat goes off to you  
For lovin' me the way you do  
Even though I know, I know...I got your number  
I know you're gonna be there when I call  
I got your number, baby  
Said you ain't got no choice at all  
No, no, no, no...I got your number

I know you gonna be there when I call  
I got your number...
