Daydream

400%

My daydream seems as one inside of you
Though it seems hard to reach through this life
Your blue and hopeless life
My daydream screams bitter 'til the end
The love I share, true, selfish to the heart
My heart, my sacred heart
My daydream dream
My daydream
My daydream dream

My daydream
I'm going crazy
I'm going crazy
I don't want feelings
Your feelings
I have gone crazy
Motherfuckin' crazy
I have gone
