Help

Lil' Wayne

Help, help
Help, I need somebody
Help, not just anybody
Help, you know I need someone
Help, help
Help, I need somebody
Help, not just anybody
Help, help
So sick, need a doc, yes
A creature, monster like the Loch Ness
I gets hotter by the toc when I sizzle to death
I just tell the clock give me a sec
In the middle of the war where my enemy at
I'm running this shit like Eric B enemy back
'Cause every time I hit a track, I'm like an energy pack
The instruments are crying out, "Where the sympathy at?"

I attack before you begin to react
I'm from the dirt where the Beatles and John Lennon be at
And now these niggas looking yellow like a penalty flag
It's Weezy, baby, with this hustle until infinity, ya
Like somebody let the dog out the kennel and ran
Whoever did it was a very smart women or man
'Cause I'm coming like the stomp of every marching band
I need y'all to arch your hands and pray for me, I need
Help, help
Help, I need somebody
Help, not just anybody
Help, you know I need someone
Help, help
Help, I need somebody
Help, not just anybody
Help, help
