## Elle et Elle

one two three four And hey there lovely lady bug  
You got another thing comin' if you think your loved  
You're just another little toy in this game of lust  
That boy is cheatin' on you And hey there small town beauty queen  
That sneaky little devil aint comin' clean  
And I know that you have just met me  
But girl you gotta believe me That I can't believe  
That the girl I saw two months ago  
Is right in front of me  
You took the chance to take my name  
And I couldn't see just what you thought you saw in me  
But obviously it's stuck. And hey there little miss diamond ring  
Is he all that he's cracked up to be  
I find it so hard to believe  
Cuz girl you just can't smile And I know that I am such a creep  
Callin' 24 hours 7 days a week  
But I got somethin to say, I got somethin to say, I got somethin to say to you! That I can't believe  
That the girl I had one year ago  
Is right in front of me  
You took the chance to take my name  
And I couldn't see  
Just what you thought you saw in me  
And obviously it's stuck.
