

Into The Dark

[Ben Lee](#)

Feeling' better since I surrendered
You can't climb till you're ready to fall
You're not a land mine, you're not a gold mine
No you're not mine at all So tell me baby, can you hear me
I sent a message out into the dark
It's a mystery when you're near me
I've gotta find my way to your heart I learnt my lesson first impressions
More often right than wrong
It's not a slow dance, this modern romance
Feels like we've already waited too long Don't worry baby, that how it should be
I sent a message out into the dark
I'd rather talk to you about how it could be
I've gotta find my way to your heart I was one of those breathing tornadoes
But now I live at the eye of the storm
And it's all faded then since the separation
Since I let your love keep me warm You tell me baby, that you can feel me
I sent a message out into the dark
When I kiss you that's the real me
I've gotta find my way to your heart So tell me baby, can you hear me
I sent a message out into the dark
It's a mystery when your near me
I've gotta find my way to your heart
I've gotta find my way to your heart
I've gotta find my way to your heart
