

# Dance With the Angels

## Eyeshine

She left without a word  
It's so hard to let her go  
Don't know if I got this one right  
But I feel it burnin' deep inside

I've got Vegas  
I've got Vegas on my mind  
Somebody save us  
Cause I've got Vegas on my mind

---

All the time  
Kiss the summer breeze  
As my heart it skipt a beat  
Don't know if I got this one right  
But I feel it burnin' deep inside

I've got Vegas  
I've got Vegas on my mind  
Somebody save us  
Cause I've got Vegas on my mind

Somebody tell me how  
I've lost you now  
Why now?

Dance with the angels  
Like you danced with me  
Won't you dance with the angels  
Like you danced with me?

I've got Vegas  
I've got Vegas on my mind  
Somebody save us  
Cause I've got Vegas on my mind  
All the time  
All the time  
All the time
