

Dazzle These Nights Dead

Kill Hannah

Glow in the dark stars
We're all along staged and played
And tied down, you can't miss the rib cage
Swings like it should, I wish you understood that
All the old ignore the old, are taking me
And they pull wings and they're pulling wings off our backs
The old dreams no more or only once in a while
In the back of their eyes
And their pianos are all closed
And anything makes them so sleepy
Glow in the dark stars, all swing up there
And it mustn't be too strong
To dazzle these nights dead
Feel like we can, I wish you understood
And the old the old ignore, the old are taking me
Anything 'cause we are so sleepy
And they pull wings and they're pulling wings off our backs
Pulling wings off of us
The old dreams no more or only sometimes
In the back of their eyes
And their pianos will all stay closed
And they're with us so sleepy
Don't wake us, don't wake us, don't wake us
