InMemory

At last, the child's mind is these suggestions
And the sum of these suggestions is the child's mind
And not the child's mind only, the adults mind too.
All is life long
The mind that judges and desires is the child's mind
Made of up of these suggestions
But all of these suggestions are our suggestions or suggestions of the state
Not the children The sound of four thousand electric clocks.
We're savages exiled in the name of the higher art.
We are peasants on holiday.
We're made to scream to the sight of a rose.
Just one more gram, just one more dose.
I swear after this then I'm done for good.
I'm pleasantly hallucinating. Once upon a time there was a thing called soul.
And in morality was out of control.
I know because my country has told me so.
I'm pleasantly hallucinating. Community.
Identity.
Stability.
We'll leave behind the most welcome silence when we're gone.
Community.
Identity.
Stability.
We'll leave behind the most welcome silence when we're gone.
The sound of four thousand electric clocks
We're savages exiled in the name of the higher art
We're peasants on holiday How come these paintings are electric shocks?
Repetitions in my headphones, and they just don't stop.
A couple thousand and they'll make one truth.
I'm pleasantly hallucinating. I love her therefore I'm promiscuous.
But she belongs to everyone.
She's so precious.
I swear to god, yea we will escape.
I'm pleasantly hallucinating. Community.
Identity.
Stability.
We'll leave behind the most welcome silence when we're gone.
(repeat x3)
When we're gone

When we're gone
We'll leave behind the most welcome silence when we're gone
