Fall To Pieces

Jonas Steur (feat. Jennifer Rene)

All the twisted lies and all the empty promises
That let me down
All this time I've compromised and tried to find
The easy way out
I'm letting go of all I've known
Never thought I'd say there's gotta be a better way
When everything around me falls to pieces
I've got something more in my life
When I'm broken I see only You complete me
Yeah, without You by my side, I fall to pieces every time
All my hopes and dreams and all my selfish plans
That crumbled in my hands
Made me realize I've gotta trust in something
Bigger than I am
I'm standing strong when all goes wrong
It's gonna be okay, I've finally found a better way
When everything around me falls to pieces

I've got something more in my life
When I'm broken I see only You complete me
Yeah, without You by my side, I fall to pieces every time
A flower that's fading, disintegrating
You're patiently waiting for me, yeah
When everything around me falls to pieces
I've got something more in my life
When I'm broken I see only You complete me
Yeah, without You by my side, I fall to pieces every time
When everything around me falls to pieces
I've got something more in my life
When I'm broken I see only You complete me
Yeah, I fall to pieces every time
I fall to pieces, yeah
Without You, yeah, I fall to pieces
Without You by my side, I fall to pieces every time
