

# You Will

Melissa Etheridge

Looking down life's long road  
Thinking you've got so far to go  
Kickin' over tricycles getting to your bicycles  
Hittin' up the kick stand look Mama no hands  
They tell you two and two make four  
But you know life is so much more  
You keep hearing no but you're ready for the show[Chorus]  
If you think you'll never make it you will  
If you think you're gonna break it you will  
The journey is on and if you don't know the song  
You will you will you will Time is just a slinky toy  
Rolling down the stairs for joy  
Everybody gets there this I know  
Honey you can take it slow[Chorus] Because you are just what you believe  
And if you believe  
Then you will see Lookin' down life's long road  
Your dreams will show you which way to go  
And if you meet a mountain move it to the side  
Climb it to the top you can take it for a ride yeah  
And you will, you will, you will, you will  
If you think you'll never make it you will  
Oh honey you will, you will, you will And if you don't know just how much I love you  
And if you don't know all I will do for you  
If you don't know just how for I'm gonna go  
You will you will you will you will  
You will you will
