Your Misfortune

Mike Doughty

When your faith in life is gone
Come and speak to me
When youre down and all messed up
Seek my sympathyWhen everybody says no, no, no
Well, its your misfortune and none of my own
Wrong, wrong, wrong
Well, its your misfortune that sweetens my songI can be the friend you want
I can be your confidante
I can be the right reminder at the right time
Throwin' out the lifelineStand in the light, stand in the light, stand in the light
Stand in the light, stand in the light, stand in the lightWhen your face is caked with mud
Come and speak to me
When the chill creeps in your blood
Seek my sympathyWhen everybody says no, no, no
Well, its your misfortune and none of my own
Wrong, wrong, wrong
Well, its your misfortune that sweetens my songI can be the air you drink
Every single thought you think
I can be the right notion in the meantime
Warm you like the sunshineStand in the light, stand in the light, stand in the light
Stand in the light, stand in the light, stand in the lightStand in the light, stand in the light, stand in the light
Stand in the light, stand in the light, stand in the light
