

Halloween

King Diamond

Oh it's Halloween Every night to me is Halloween
Like an ancient scene
See you know just what I mean Halloween, you are my pride
Halloween, not just a dream The moon is full, another perfect day has begun
Like a demon's eye, that devil's eye
Will we ever die Halloween, you are my pride
Halloween, not just a dream Every night will be another evil scene
Like in horror dreams I want
I command you to scream Halloween, you are my pride
Halloween, not just a dream Halloween, Halloween
Halloween, Halloween
