Mountain Man

Mountain Heart

I'm sittin' on top of a mountain
She's rockin' that valley down below
Switch back to the beat with the blindfold
Bummin' down at the top of my lungs, screamin' no
Straight out on a headwall
Oh, turned into a free fall
I'm sippin' on some sunshine
I'm gonna leave it for the mornin' in the afterlife
And she's drunk by the day time
I bet she feels it just the same in the evenin'
I'm sippin' on some sunshine
I'm gonna leave it for the mornin' in the afterlife
And she's drunk by the day time
I bet she feels it just the same not anymore
I'm sittin' on top of a hillside
There's a one-way path that's takin' me home
Comin' up to the beat with the blindfold
Bummin' down at the top of my lungs, screamin' no
Straight out on a headwall
Oh, turned into a free fall
I'm sippin' on some sunshine
I'm gonna leave it for the mornin' in the afterlife
And she's drunk by the day time
I bet she feels it just the same in the evenin'
I'm sippin' on some sunshine
I'm gonna leave it for the mornin' in the afterlife
And she's drunk by the day time
I bet she feels it just the same not anymore
I'm sippin' on some sunshine
I'm gonna leave it for the mornin' in the afterlife
And they're drunk by the day time
I bet they feel it just the same
I bet they feel it just the same
I'm sippin' on some sunshine
I'm gonna leave it for the mornin' in the afterlife
And she's drunk by the day time
I bet she feels it just the same
I bet she feels it just the same, ya
Whoa, oh, babe

I bet she feels it just the same
I bet she feels it just the same
I bet she feels it just the same not anymore
