

Blueberry Chills (feat. Honey Cocaine)

Chanel West Coast

Strawberry fields,
cranberry wheels,
raspberry hillls,
blueberry chills 4xThis beat hit hard like mallets,
24, like karats
I stay smoking raw, organics
Like a chainsaw, trees vanish
Tell me your name, so I can forget it
I'm in the fast lane
And you at the exitBlow past you bitches
While you blow for riches
I ball hard like bitches
You holding on like stitches
I'm taking off, no glitches
You behind me like hitches
Stay grinding like bitches
In the eye lens like snitchesCocaine white
C's in the McLaren
Up all night
These speakers blaring
Keep it clean, like it's my parents,
This my life, so you can stop staringStrawberry fields,
cranberry wheels,
raspberry hills,
blueberry chills 4xBitch I got some blue
Oh yeah I got some red
Oh you ain't got my money?
Then bitch I got your head
And I got the heater under my bed
Two seaters and I got jets
I ain't wanna talk about numbers,
Cause they might just call the fedsI know you out of your mind
And you know my pockets looking like lime
You only wasting my time
You a gangster online
What you gonna do?
Tweet at me?
Take it to the hood bitch
Let the streets have meStep up, I got a down bitch Ima call her

I'm out of town with my ballers
And if you talk big money then holla
Lil fish, get ate hoe
I'm drunk as shit but I'm capable
I see it all in your face hoe
You aint high, you a fake hoe Strawberry fields,
cranberry wheels,
raspberry hills,
blueberry chills 4x I don't need your opinion
You softer than minion filet, baby
Fake homies get shitted on
Bossing, my flows be the tightest
Flossing, like I had gingivitis
Push back them hoes
Release day they froze
They on they toes, like tryna see the show Get in like, like you at the DMV
I't' my time, YMCMB
Homies need some checkin'
Like they carrying a weapon
Ain't no disrespecting
But yo clothes look like they slept in
Today you shoulda slept in
The master flow
Keep steppin Strawberry fields,
cranberry wheels,
raspberry hills,
blueberry chills 4x
