

# This Little Girl

Dion

People, don't you worry, I know what I'm doin'  
I know what love's all about  
Oh this little girl won't make a fool out of me  
Because I'm gonna straighten her out  
Oh yeah  
Oh this little girl is just about as mean as they come, she is now  
She don't even act nice, once in a while like some, oh yeah  
Oh, oh, oh, 'Trouble' is her middle name  
But I'm glad that's the way she came  
I could be the one to tame this little girl, oh yeah  
Oh this little girl won't like me much at first, she won't now  
And after a while she's gonna think that I'm the worst, oh yeah  
Well I won't treat her with kid gloves and I won't shower her with lots of love  
But I'll make an angel of this little girl  
  
Oh this little girl tries to make every guy her slave, oh yeah  
But this little man is gonna take her by the hand  
And I'm gonna show her the way to behave  
Oh this little girl is kinda used to gettin' her way, but no more now  
There'll gonna be some changes made startin' today  
Oh, oh I said now everyone will be surprised when I cut her down to size  
And no one's gonna recognize my little girl  
I tell you again now  
This little girl, I'm a man now  
This little girl, I'll tell you again now  
My little girl, oh yeah this little girl
