

Holes in the Sky (feat. HAIM)

M83

Arms to the ground
Far from the rivers
Grace in our tears
High on a fever
Somebody heal me from my pain
Ooh
I'm reaching closer
My stars dive lower
Filling up lost memoriesHoles in the sky
Pierced by the fire
Somebody tell me this is real
OohHands to the sky,
I am a dreamer
We build the hope
We are believers
Somebody free me from my chains
Ooh
I'm reaching closer
My stars dive lower
Filling up my memoriesHoles in the sky
Pierced by the fire
Somebody pull me from the dark
OohArms to the ground
Far from the rivers
Somebody heal me from my pain
OohHands to the sky (hands to the sky)
I am a dreamer (I am a dreamer)
Somebody free me from my chains (free me from my chains)
Ooh
