

Bad Timing

The Metronomes

Can I have your wayward stare?
Never mind him calling you, just keep them there
 Why do you keep me back?
 With all your powers I am pushing at
 No never can it be
these are the words that you once said to me

 Why do you keep me back?
 With all your powers I am pushing at
 No I'm not home enough
then I get back and you have taken off
 No never can it be,
I guess I'd like to think it was bad timing, timing, timing, timing
