Nevermore

Symphony X

From the skies, across the sea of lies
To the dungeons of the damned
Scorching winds blazing thunderclouds raging
Here I make my standThe viper's venomous bite
Has brought on the night
Swept away, like a bird of prey
Now there's hell to payFrom darkness into light
Nothing matters anymore
My strings ring hollow
Bleeding evermoreNevermore
Can't let go
Your silences tells me
All I need to know
Nevermore
Strike a chord
The walls of silence fall
NevermoreKings of death calling
Frigid breath falling
In the cryptic den
Curse the dark with a
Longing heart and song
You will rise againOn tragic wings I take flight
Bring on the night
Eyes of stone ripping flesh from bone
Into depths unknownFrom darkness into light
Nothing matters anymore
My strings ring hollow
Bleeding evermoreNevermore
Can't let go
Your silences tells me
All I need to know
Nevermore
Strike a chord
The walls of silence fall
NevermoreLost in shadows of what might have been
Bloodless spirits wept in fear
The void of anguish slowly pulls me in
Abandon hope all who enter hereNevermore
Can't let go

Your silences tells me
All I need to know
Nevermore
Strike a chord
The walls of silence fall
Nevermore
Nevermore
Nevermore
Nevermore
