

# Weakling Avenger

## Darkthrone

Weakling avenger  
On grains of drain  
Life  
Wielding ultimate death

Bombastic necrohell  
Seeping in bitterly  
Masked beast temporarily  
Revealing sick fear

Templates broken  
Membranes burst  
Sordid spilling wound  
Spineless locust embrace

Infertile foggy renderings  
Failure  
Sucked into the sorrowhole  
Brutally avenging nothing
