

heritage (feat the boys)

Earth, Wind & Fire

[Rap:]

The boys

We're just chillin' with Earth, Wind & Fire

This is my desire

Talking 'bout culture

I'm a vulture

Just like the beatChillin' with Earth, Wind & FireEverybody take a look around

What do you see

When I look

There's faces everywhere

Lookin' back at me

Their eyes keep telling me stories

Don't understand

In my mind

There's many, many questions

'Bout who I amBridge:

Just be proud of the land

Where your blood comes from

No one can take away

What you have done

Hold your head up high

Cultures stand eye to eye

One people living under one sunChorus:

Be proud

Sing it out loud

Take your rightful place

It's you heritage

So stand tall

Don't be small

Show true face

It's your heritageEverybody walks a little different

To keep the pace

Gotta have pride

Just to be a winner

In the human race

In school, the rules don't fly

Out on the street, tell me why

People of the nation can't feel the same beatBridgeChorusBridge:

We're living in a colorful world

All shades of love
Each carrying a ray of hope
Sent down from above[Rap:]
Yo Maricem break it down for me, all right
The Boys chillin' wit Earth, Wind and Flames
They asked us to sing a few notes
So we came
Realized the meaning of the song
So we sung
With all our heart and soul
And hopefully we brung
A message to all
To not be small
To stand up tall
And to give it your all
Let's have a ball y'all
Pump it up!
