File 13

AFI

I sleep until there is no light
I'm wide awake all through the night
Diner may suck but I'll take a bite
I do whatever I canMy muscles stiffen through the day
Discomfort never goes away
Why don't you just throw me away
I feel like a garbage canThrow me away

(Throw me)

I've got no use

Throw me away

(Throw me)I'm nothing to lose

Throw me away

(Throw me)

I feel like shit

I am uselessI know I know nothing at all

I'd take stand but I know I'd fall

I'd run head-down into a wall

And watch my blood run fasterGirls laugh and pass me on the street

I spook out everyone I meet

I've got pink toenails on my feet

I'm such a fucking masterThrow me away

(Throw me)

I've got no use

Throw me away

(Throw me)I'm nothing to lose

Throw me away

(Throw me)

I feel like shit

I am uselessI never seem to feel well

I always seem to look like hell

It seems like everyone can tell

My mind is going numbMy mom thinks I wear women's clothes

I get dogged on at all the shows

It seems that everybody knows

I look like a fucking bumThrow me away

(Throw me)

I've got no use

Throw me away

(Throw me)I'm nothing to lose

Throw me away
(Throw me)
I feel like shit
I am useless
