

Celebrate You

Corbin Bleu

Oh, oh
Oh, oh, ahhEveryday is the right day(right day)
It's easy to understand
Cause you get the chance and you take it
Make it the best you can make it
Why should you hold back?It's the time of your life
You don't wanna miss out
On right here and now
There's so many reasons why
You don't wanna stop
It's your chance, live it up
And everything you do
Celebrate you(oh, oh)
Celebrate you(oh, oh, ahh)Everytime is the right time(right time)
So make every second count
Go for your dreams, you can live it
Reach for the skies, no limit
Celebrate what you're all aboutOh...It's the time of your life
You don't wanna miss out
On right here and now(woo)
There's so many reasons why
You don't wanna stop
It's your chance, live it up
And everything you do
Celebrate youYou come on make the party rock
Forever and ever
Have the best time you've ever had
Let go, break free
YeahCelebrate youEveryone has a reason
A reason to celebrate(yeah)
Cause you get the chance and you take it
Make it the best you can make it
What you waiting for today?It's the time of your life
You don't wanna miss out
On right here and now
There's so many reasons why
You don't wanna stop
It's your chance, live it up
And everything you do
