

Lead Me Home

Braiden Wood

Pulling in for the show tonight
But my heart isn't here
Something in me just isn't right
But this one thing is clear Yeah, all I want is your heart
And to hold your hand in mine
Distance makes the heart grow fonder
But I'm running out of time Out on the road
So far from home
All I see is your face
But I feel so alone I'm on my own
But I know that the road that takes me away
Will always lead me home
Will always lead me home Town to town I was passing time
Disillusion tired
What if home isn't what I left
What if it's not even there Yeah, all I want is your heart
And to hold your hand in mine
Distance makes the heart grow fonder
But I'm running out of time Out on the road
So far from home
All I see is your face
But I feel so alone I'm on my own
But I know that the road that takes me away
Will always lead me home (na na na, na na na, na na na)
Will always lead me home (na na na, na na na, na na na)
Will always lead me home (na na na, na na na, na na na)
Will always lead me Home is where I wanna be
Home is everything to me
Home is where the heart is in
Your heart is everything I need Everything I say and do
Every road sign points to you
Every time I close my eyes
I'm hoping that you miss me too
Home isn't home without you Out on the road
So far from home
All I see is your face
But I feel so alone I'm on my own
But I know that the road that takes me away
Will always lead me home Out on the road

So far from home
All I see is your face
But I feel so alone I'm on my own
But I know that the road that takes me away
Will always lead me home Will always lead me home
