Hot
Sex
Decks Oh my God, you're so hot
Hold my hair, let me get on top
Oh my God, soaking wet
Back and forth 'til we break the bed When you read my mind, get down and discover me
I'm an open door, let you come inside of me
Wanna put my hands around your neck
Gonna take you to a place that you will not forget Sex, what do you know about sex
Tell me what you know about sex
Sex, what do you know about sex Oh my God, you're so hot
Hold my hair, let me get on top
Oh my God, soaking wet
Back and forth 'til we break the bed You got a bad attitude
I like to grind it on you
And when I let you put it on me
You better give me what I want baby Oh my God, let me clean your wound, I can be your nurse
Got the antidote, please show me where it hurts
Can you be my father, tell me what to do
You can punish me and maybe I will punish you Sex, what do you know about sex
Tell me what you know about sex
Sex, what do you know about sex Oh my God, you're so hot
Hold my hair, let me get on top
Oh my God, soaking wet
Back and forth 'til we break the bed You got a bad attitude
I like to grind it on you
And when I let you put it on me
You better give me what I want baby
Oh my A lesson in sexology Twisted rope, handcuffs, blindfolds, stringer pearls

Fish nets, satin sheets, garter belt, raw meat
Candle light, keyhole, leather belt, meat stove
Golden shower, latex thong, licorice whip strap it on Oh my God, you're so hot

Hold my head, let me get on top
Oh my God, soaking wet
Back and forth 'til we break the bed You got a bad attitude
I like to grind it on you

You better give me what I want baby Sex
