

# Shopping Mall

## Pete Yorn

In your eyes all is good  
We can be just for you  
Every night, it's ok  
We believe, We can say  
I don't think I'm coming along  
Every walls a shopping mall  
Someday we'll leave and never come back  
We were born to be discarded  
I don't... I don't mind  
When you're gone you'll be a star  
Tell me what you're doing now  
Some might say you're bein' a fool  
Everyone's gonna laugh at you  
I don't think you know where you're from  
All the days have come undone  
Just because they don't have the clue  
Too afraid to be you  
I don't, I don't mind...I can't tell you...anything  
You believe in somethin' else  
I can't give you...anything  
You don't already have  
I can't tell you...anything  
You didn't already know  
I can't give you...anything  
You don't already have  
I can't tell you...anything  
I can't give you...anything
