

Cause = Time (Live at Radio Aligre FM, Paris)

Broken Social Scene

You come in, check my time
You got fornication crimes
I've seen your hope on television
Where you've been, wore my word
They've got tricycles in skirts
This is a mouth that needs religion And they all want to love the cause
'Cause they all need to be the cause
They all want to fuck the cause So take me down, down through this
Kill the common law that missed
This is the blood I love to share Little pistols and companion halls
Desperation tentacles
I've been alone since eighty-nine We've got a menstruating disguise
Then know three completes the five
This is a church that should believe And they all want to free the cause
'Cause they all need to dream a cause
They all need to be a cause You've got all and it's
Pretty good but I
Seem to be in disbelief You come in, check my time
You've got fornication crimes
I've seen your death on television
Cue immortal child like times
Separation is divine
Here is a strike beneath your knees And they all want to love the cause
'Cause they all need to be the cause
They all want to fuck the cause Take me down, down through this
Kill the white within the bliss
Here is a waiting room
That wants to save your life And they all want to love the cause
They all need to be the cause
They all want to dream a cause
They all need to fuck the cause
