Coming Of Age

We are the deadly sins, we're here for our vengeance
It's time to pay, for those heartless crimes, you made
What goes around, always comes around
But will you ever learn?We're coming, screaming & shouting
We bring the fire, that will (set you free)
We're coming, screaming & shouting
Ready to, burn the Churchgarden downNow you feeling scared, when everybody turned your back
Soon we will reach your door and we will settle the score
Aren't you ashamed, to see what you become?
You blame it all on othersWe're coming, screaming & shouting
We bring the fire, that will (set you free)
We're coming, screaming & shouting
Ready to, burn the Churchgarden downWe are here to tell you, that your behavior is out of controlWe're coming, screaming & shouting
We bring the fire, that will (set you free)
We're coming, screaming & shouting
Ready to, burn the Churchgarden downWe're coming, screaming & shouting
We bring the fire, that will (set you free)
We're coming, screaming & shouting
Ready to, burn the Churchgarden downBurn It Down
