

The Way You Do Me

Jojo

Swizzie, S Dot
JoJo, let's go
Look at whatcha do to me
Just had to speak raw
Why you keep doin' that?
It's gettin' me gone
Boy, the way you do me, boy, the way you do me
Why you gotta be so good when you give it to me?
I been tryna think of ways to tell you no
Same time I'm thinkin' I'd be crazy to let him go
Boy, the way you do me, boy, the way you do me
You be talkin' somethin' good when you talkin' to me
I been tryna think of ways to tell you no
Same time I'm thinkin' I'd be crazy to let you go
Most just can't run up on me, meet 'em at the door
Me gettin' swept off my feet? That don't happen, no
Since you been comin' around, I been scandalous
Steady switchin' up so much, my girls all know me
First a letter [Incomprehensible] met up, then ya got me alone
Couldn't say it but the way it happened just let me know
Those minutes I was spendin' kept me missin' out
We ain't even traded kisses but I'm feelin' so much fire in here
Boy, the way you do me, boy, the way you do me
Why you gotta be so good when you give it to me?
Boy, the way you do me, boy, the way you do me
Why you gotta be so good when you give it to me?
I been tryna think of ways to tell you no
Same time I'm thinkin' I'd be crazy to let you go
Boy, the way you do me, boy, the way you do me
You be talkin' somethin' good when you talkin' to me
I been tryna think of ways to tell you no
Same time I'm thinkin' I'd be crazy to let you go
Boy, the way you do me, boy, the way you do me
Why you gotta be so good when you give it to me?
Funny thing, I didn't want it, told me I will love it
Just breathe for a moment I could
'Cause so many disappointments have me feel somethin' like
I don't have a reason I should
First a letter [Incomprehensible] met up, then you got me alone

Couldn't say it but the way it happened just let me know
Those minutes I was spendin' I was missin' out
We ain't even traded kisses but I'm feelin' so much fire in here
Boy, the way you do me, boy, the way you do me
Why you gotta be so good when you give it to me?
Boy, the way you do me, boy, the way you do me
Why you gotta be so good when you give it to me?
I been tryna think of ways to tell you no
Same time I'm thinkin' I'd be crazy to let him go
Boy, the way you do me, boy, the way you do me
You be talkin' somethin' good when you talkin' to me
I been tryna think of ways to tell you no
Same time I'm thinkin' I'd be crazy to let you go
Boy, the way you do me, boy, the way you do me
Why you gotta be so good when you give it to me?
Boy, what you do?
What do you do?
Boy, what you do?
What do you do?
Boy, the way you do me, boy, the way you do me
Why you gotta be so good when you give it to me?
Boy, the way you do me, boy, the way you do me
Why you gotta be so good when you give it to me?
I been tryna think of ways to tell you no
Same time I'm thinkin' I'd be crazy to let him go
Boy, the way you do me, boy, the way you do me
You be talkin' somethin' good when you talkin' to me
I been tryna think of ways to tell you no
Same time I'm thinkin' I'd be crazy to let you go
Boy, the way you do me, boy, the way you do me
Why you gotta be so good when you give it to me?
