

Misery (w/ Steven Tyler)

Pink

Shadows are fallin' all over town
Another night and these blues got me down
Oh, misery! I sure could use some company
Since he's been gone I ain't been the same
I carry the weight like an old ball and chain
 Guess its all meant to be
For love to cause me miseryOh misery! Oh misery!
 Tell me why does my heart make a fool of me
 Seems its my destiny
 For love to cause me misery
 And, oh! I've been down this road before
 With a passion that turns into pain
 And each I saw love walk out the door
I swore never get caught againBut ain't it true? It takes what it takes
 And sometime we get too smart to late.
 One more heartache for me
 Another night of misery
 Oh! And oh misery! Oh misery!
 Tell me why does my heart make a fool of me
 Oh misery! Oh misery!
 Tell me why, why, why, why, why, why does this
 Heart make a fool of me
 Seems its my destiny
 For love to cause misery, oh
 Guess its all meant to be
 For love to cause me misery, oh, no, yeah
