

# Dance 2night

## Madonna

Madonna:

Move your body  
Get me from across the floor  
Everybody's watchin'  
But I just wanna give you more  
Don't care bout nothin'  
Im fallin' for your love in the worst way

Justin:

Move closer  
I can feel your body rise  
The heat from you  
And I just have to fantasize  
We're all alone now  
And I don't care what people have to say

Chorus (Madonna)

You don't have to be beautiful  
to be understood  
You don't have to be rich and famous  
to be good  
You just gotta give more more more  
Than you ever have before  
And you got move fast, fast, fast  
if you want this good thing to last  
Let's dance tonight dance tonight  
and groove and see the world  
And we'll hold hands tonight, hands tonight  
just a boy and just a girl  
I wanna dance tonight, dance tonight  
Don't need no diamonds and pearls  
Take a chance tonight, chance tonight  
lets groove ourselves to the world

(Bridge)

Do it, do it  
Let me turn you on  
Let the music pull you through it  
Til the break of dawn  
Do it, do it  
While the night is young  
Let the music pull you through it

Til the lights go on  
Now we're in our zone  
Do you wanna take it further  
And before too long  
Gonna start to wonder  
Are you a one trick pony  
Or do you wanna keep running this race  
Justin: I'm so into you...  
Madonna: I've heard it all before  
Justin: So what should I do?  
Madonna: I told you catch me on the floor  
Don't spoil this moment  
'Cause talk is cheap  
I don't have time to waste  
(Madonna)  
You don't have to be beautiful  
to be understood  
You don't have to be rich and famous  
to be good  
You just gotta give more more more  
Than you ever have before  
And you got move fast, fast, fast  
if you want this good thing to last  
Let's dance tonight dance tonight  
and groove and see the world  
And we'll hold hands tonight, hands tonight  
just a boy and just a girl  
I wanna dance tonight, dance tonight  
Don't need no diamonds and pearls  
Take a chance tonight, chance tonight  
lets groove ourselves to the world  
(Bridge)  
Do it, do it  
Let me turn you on  
Let the music pull you through it  
Til the break of dawn  
Do it, do it  
While the night is young  
Let the music pull you through it  
Til the lights go on
