

# Tears in May

## Missing Heart

Tears in May

Aaahh Whispering voices in the night  
Speaking to me of the mystery of love

    In the twilight of my mind

    I can see the shadows of death

Aaahh Tears in May - show my pain

    And wash my love away

    Like the rain

Tears in May - tell me why

    Was our dream born to die

    All in vain

Tears in May

Tears in May

Aaahh The secret world of our dreams

    Is still waiting in my soul

And when the moon is shining through the clouds

    My love will take control

Aaahh And I hear Cassandra calling

    When the stars of fate are falling

    I'm so lonely and I cry those tears

    Tears in May

Tears in May Tears in May - show my pain

    And wash my love away

    Like the rain - tears in May

    Aaahh
