

I Am Your Tambourine

Tift Merritt

My body was sleeping
Sleep was a lie
Grab hold of my body
I will rise, rise, riseMy heart was heavy
Hungry and tired
Oh, but you're touch has made it
Fly, fly, flyI am your tambourine
I am your tambourine
Shake me with your love
Shake me with your love
Shake me with your love songRattle me darling
Way down inside
Fill me with rhythm
So fine, fine, fineI am your tambourine
I am your tambourine
Shake me with your love
Shake me with your love
Shake me with your love, tonightI can't keep quiet
Oh, I can't hide
I want to shout in singing
And shine, shine, shineI am your tambourine
I am your tambourine
Shake me with your love
Shake me with your love
Shake me with your love, tonightI am your tambourine
I am your tambourine
I am your tambourineShake it, shake it, shake it, shake it
Tambourine, shake it, tambourine, shake it
