04 Like A Wave

Cat Clyde

VERSE I I'm spinning like the undertow,
Taking you way, way down,
My thoughts are colossal,
I can see they weigh you down,
And I feel my soul is sitting on a dock,
Looking at the endless sea,
Hoping somehow,
You are sailing back to me,
CHORUS Tenderly, heavily,
You will come You will come Tenderly, heavily,
You will come You will come back to me..
VERSE II Like pounding on padded walls,
My heart beats subtle,
All I can smell is stale smoke Dirty sheets, and covers,
Just sweep across me like a wave,
Taking me like a rushing river,
And I'll sink down, down, down,
Into the deepest waters (down, down, down)
CHORUS Tenderly, heavily,
You will come You will come,
Tenderly, heavily, you will come,
You will come back to me..
BRIDGE Like a wave, like a wave You wash over me,
The sea's always, always, always,
Like a wave, like a wave you wash over me,
The sea's always, always callin'
You away CHORUS Tenderly, heavily,
You will come You will come Tenderly, heavily,
You will come You will come back to me..
(You will come back to me...)ï»¿
