

They Call Her The Cat

Elton John

She threw back that shiny hair
Like the mane on a Delta queen
Gonna spend my last dime on a telephone call
'Cause she's the wildest thing I've ever seen
She was just plain mister once
Got herself fixed up real good
Just a little boy lost in the land of the free
A wiggle and a walk away from her womanhood
Now they call her the cat and that's a stone fact
They took a little of this, she got a little of that
Now Billy got a kitty, he got something to scratch
So they call her, yeah, they call her the cat
She just does that double act
She got Babs and Joan down pat
She got hips like a Mick, she's a Rolling Stone
Never seen a woman shake like that
She was just plain mister once
Got herself fixed up real good
Just a little boy lost in the land of the free
A wiggle and a walk away from womanhood
Now they call her the cat and that's a stone fact
They took a little of this, she got a little of that
Now Billy got a kitty, he got something to scratch
So they call her, yeah, they call her the cat
She's so fine that the water line
Don't separate hot and cold
She got stitched up bitchy by an old M.D.
Now she's headed out for Hollywood or so I'm told
Yeah yeah yeah yeah yeah yeah
Yeah yeah yeah yeah yeah yeah
Now they call her the cat and that's a stone fact
They took a little of this, she got a little of that
Now Billy got a kitty, he got something to scratch
So they call her, yeah, they call her the cat
And that's a stone fact
They took a little of this, she got a little of that
Now Billy got a kitty, he got something to scratch
So they call her, yeah, they call her the cat
Ooh ooh, yeah They call her the cat
Ooh ooh, yeah
Ooh ooh, yeah
Ooh ooh, yeah They call her the cat
Ooh ooh, yeah
Ooh ooh, yeah
Ooh ooh, yeah
Ooh
