

# The True Essence Of Power

## Mortification

### Verse 1

Riding free I see the way I feel  
Don't touch my soul the day I bow  
to your low ways, will be the day I never see.

### BRIDGE A

Leave me, in the Name of my Lord

### Verse 2

Hoping peace will keep me all the days of my life, I will bow  
only to Christ the real life of my being now.

### CHORUS

The True Essence Of Power  
The True Essence Of Power

JESUS

### Verse 3

Surely goodness and mercy will follow  
me all the days of my life  
I serve the King, the founder of my soul.

### BRIDGE B

With me, always  
Jesus, save us

### Verse 4

Blackness hates my God, I see  
eternal death will come to those who leave the path of life to  
follow with evil ways.

### INTERLUDE

What is the path you see  
Satans plans you death  
to be young, before your time  
Hope is what you need  
Christ planed your life  
to be forever, eternally

### Verse 2
