

# Got The Love

## AWB

Got the love, got the love, yeah  
Got the love, got the love  
Got the love, got the love, sugar baby  
Got the love, got the loveNow babe, you've been gone such a long time  
    Been thinkin' 'bout what it is we got  
        Not all the time in the world  
Woo, but we got a lotNow there is much more than a ghost of a chance  
    We can make it right this time  
    'Cause you've got to stay mine  
I got the loveGot the love, got the love  
    Got the love, got the love  
    Got the love, got the love  
Got the love, got the loveNow you might not think that I care at all but I do  
    You know me so much better than anyone else  
It should be easy to convince you that I got the love, I got the loveYou better listen to what he's saying  
    'Cause it's true  
    Got the loveGot the love, got the love  
        Got the love, got the love  
        Got the love, got the love  
Got the love, got the loveNow come on girl, let's work it out 'cause I know we can  
    Let's make it something to shout about  
C'mon and take my hand 'cause I got the loveGot the love, got the love  
    Got the love, got the love  
    Got the love, got the love  
Got the love, got the loveGot the love, got the love  
    Got the love, got the love  
    Got the love, got the love  
Got the love, got the loveGot the love, got the love  
    Got the love, got the love  
    Got the love, got the love
