

# I'll Still Be Loving You

## New Kids On the Block

Oh, baby  
Don't matter for how long life goes on  
I'll Still be loving you, girl  
I know it's real  
This love I feel  
Baby, sure as the skies are blue  
I'll be around  
Won't let you down  
Baby, no one else will do Believe in me  
Girl, I'll be your friend  
Together till the end, girl  
(Together till the end, girl)  
Just reach for me  
Girl, I'll be the one  
A lover you can trust  
I'll never give you up [Chorus]  
Till forever's come and gone  
Till the mountains tumble down  
I'll still be loving you, girl  
Till the stars fall from the sky  
Till the seas all run dry  
I'll still be loving you When clouds appear  
Now don't you fear  
Baby, we're gonna weather the storm  
I'll stand by you (stand by you)  
We'll see it through  
You'll be safe and warm Don't be afraid (Don't be afraid)  
Girl, all through the night (All through the night)  
I'll be there by your side, girl  
(Be there by your side, girl)  
Every way, girl I'll understand  
I'm gonna be your man  
With everything I am [Chorus] Other lovers are giving up each day, yeah  
But this love of ours is here to stay (yeah, girl)  
I just want to be with you, girl  
(I just want to be with you)  
That's all I want to do [Chorus]
