Into the Night

Chris Wisdom

INTO THE NIGHT
(Hook)
They want us to sit down; I say stand up
They want us to break; I say break through
They want us to hide; I say run into the night
Tell darkness were the light, and do what
Fight everybody fight
(Verse 1)
As I walk through the valley of the shadow of my own mess
Shadow boxing with my past trying them that I'm blessed
Laid all my fear to rest Fighting till my last breath
When I can no longer breathe put my back against the wall
And let me stretch out my hand until the moon fall or I'm among stars
Walking on water Heroes are remembered legends never die
So ill run into the war with my sword by my side
I'm only dying once so the grave can't stop me
Love in my heart so hate can't block me
Christ alone cornerstone the devil can't rock me
I'm fighting till I'm called home don't believe watch me
(Hook)
They want us to sit down; I say stand up
They want us to break; I say break through
They want us to hide; I say run into the night
Tell darkness were the light, and do what
Fight everybody fight
(Verse 2)
As I walk through the valley of the shadow of my own fear
Without a shadow of a Doubt Life a 12 round bout trying to knock me out
But I Float like butterfly sting like a bee Born in the belly of the beast
If a rose grew from concrete, then I can compete in this jungle
With lions tigers and bears regardless if I'm bare and the world stay lying
But once you understand that you are complete just the way you are you will stand and complete
In the middle of a dark street 1 billion of them one of me in the purple rain
Greater is he that is in me you already know the name of name
(Hook)
They want us to sit down; I say stand up
They want us to break; I say break through
They want us to hide; I say run into the night
Tell darkness were the light, and do what

Fight everybody fight
(Verse 3)
As I walk through the valley of death
Take a look at my life and realize there nothing left
I left it all on the court; I left it all on the stage
I left it all on the streets; I left it all on the field
Never give in to how you feel, Feeling lie but faith don't
They say quit but I won't, They ask why it's quite simple
I run into the night because I'm a light
Like a city on a hill, I can't be hidden
It's written that Iâ€™m a win
So I guess I'm going in
(Hook)
They want us to sit down; I say stand up
They want us to break; I say break through
They want us to hide; I say run into the night
Tell darkness were the light, and do what
Fight everybody fight
