

Meant To Be

Andrea Hamilton

[Verse 1]

Living in paradise

Living for the freedom of the night

Running like wild fire

I knew when i saw you it was right

And I ~~don't~~ know it in a moment [Chorus]

We were meant to be, meant to be together

It ~~don't~~ never ever gonna feel right when we ~~don't~~re apart

We were meant to be, meant to be together

Bringing me to life like lighting to the heart

Like lightning to the heart

Like lightning to the heart

You and I were meant to be [Verse 2]

Living in paradise

Didn't ~~don't~~ know we ~~don't~~ be fighting to survive

And we ~~don't~~re running out of dynamite

But every little breakdown will ignite

And we ~~don't~~ll make it through this apocalypse [Chorus]

We were meant to be, meant to be together

It ~~don't~~ never ever gonna feel right when we ~~don't~~re apart

We were meant to be, meant to be together

Bringing me to life like lighting to the heart

Like lightning to the heart

Like lightning to the heart

You and I were meant to be [Bridge]

Woah woah all the love, all the love

Woah woah it ~~don't~~ history in the making, the best risk ever taken [Chorus]

We were meant to be, meant to be together

It ~~don't~~ never ever gonna feel right when we ~~don't~~re apart

We were meant to be, meant to be together

Bringing me to life like lighting to the heart

Like lightning to the heart

Like lightning to the heart

You and I were meant to be
