Forever

Insane Clown Posse

This life tricky mean and strange you be sure about one thing change for worse or for better maintain catch wisdom try to gain brains in my life I've seen a lot come and go like nonstop fashion show very little shit lasts forever and just because shits new it ain't betterI wanna be with Shaggy and Billy my dogs for life
And I pray that will never change every night
I said never again and then I did it and did it again
I can't pretend I won't lie Yo I've lost control
And it's a scary and ever I got it together
But it took forever now I want forever
To be just like this the shit I wishTruth is happiness is in your own head
How perceive shit and believe it is
It's all you some of us sad fouls can't help
It living in a bad mood
Shit hurts and then it only gets worse
They don't get it not even the experts
But trust me it won't last forever you hit
Bottom shit finally gets better
Some don't need bank to laugh and live
On the bright side whatever the pathWhen you hit 40 or 50 that shits
Half enjoy youth
Cause that you don't get back
Forever revolves around you
That's your time I'm living
In mine too how much
Positivity are you blind to you
Only live once I'll remind you.None of that lasts forever but you
Just might like the new change it's better
It's funny how we adapt and keep
It together as the months roll by season and weather
But when it all shuts off whoa The Death Pop
And that will be the day your
Forever will stopAnd then we experience these
Emotions with pink shy highs lows deep as oceans
I wanna see you and me last forever
Loop this life up and end it never
And live through the ages the lows
The stages and never let them
Close the pages to find the piece of mind is impossibleForever is plagued
With obstacles so we
Make the best of

Good times
We stuck on play we
Can't rewindWe just wanna see us all together
After forever off in Shangri-La
Off in Shangri-LaWe just wanna see us all together
After forever off in Shangri-La
Off in Shangri-LaOff in Shangri-La
