

Shaky

The Duke & The King

Shaky

Baghdad, she's a mean old town
I get the feelin', she don't want me around no more
I started seeing things in my bunk at nightShaky makes me all so shaky mama
C'mon wake me up
We go dancing however you wanna
'Cause we were just babies
The Jackson 5 grew up so fast
C'mon baby, just come and shake that country assLately it's been getting hard
So they gave me
Some pills supposed to calm my hands
But now I'm Superman in the firefightCrazy from nicotine
I pass away
She's got sad machine gun eyes
She's smiles at me and it kills my heartShaky makes me, oh so shaky mama
C'mon shake me
We go dance however you wanna
We were just babies
The Jackson 5 grew up so fast
C'mon and shake that country assBaghdad
She's a mean old girl
Baby, it's a mean old world I know
Maybe I'll make it home aliveIf you don't see me again
Please tell my daughter I love herShaky makes me, oh so shaky mama
C'mon shake me
We go dance however you wanna
We were just babies
The Jackson 5 grew up so fast
C'mon and shake that country assYeehaw
