

Skeleton

Diviney

[verse]

I said we'd live forever
'cause you like me like that
you like me like that
yeah you like me like that
your skeleton is heaven
but your heart's pitch black
your heart's pitch black
and I like ya like that[pre-chorus]
and I, why I'd love to meet ya tonight
(I need ya right now, I need ya right. right now)
yeah, I said I, why I'd love to meet ya tonight
(I need ya right now)[chorus]

I don't want to go home
I'm just getting started
I don't want to go home
home is for the heartless
I don't want to go home
I'm falling apart
I need your skeleton-on-on, love
I need your skeleton love
your skeleton love
I'm falling apart
I need your skeleton-on-on-on[verse]

I said we'd live forever
'cause you taste so good
you taste so good
yeah, you taste so good
the over points are better
but I'm bulletproof
my wasted youth
that I wasted on you[pre-chorus]
and I, I'd like to keep ya tonight
(I need ya right now, I need ya right, right now)
yeah I said I, why I'd love to keep ya tonight
(I need ya right now)[chorus]
I don't want to go home
I'm just getting started
I don't want to go home

home is for the heartless
I don't want to go home
I'm falling apart
I need your skeleton-on-on
I don't want to go home
I need your skeleton love
I need your skeleton love
I'm falling apart
I need your skeleton-on-on-on-on-on[bridge]
and I, I'd like to meet ya
I'd like to steal ya (oh)
I'd like to keep ya
Here we go[chorus]
I don't want to go home (oh)
I'm just getting started
I don't want to go home
home is for the heartless
I don't want to go home
I'm falling apart
I need your skeleton-on-onI don't want to go home
I need your skeleton love
your skeleton love
I'm falling apart
I need you're skeleton-on-on, love(oh) your skeleton love
I need your skeleton love (oh)
your skeleton love
I need your skeleton love (oh)
your skeleton love
I'm falling apart
I need your skeleton-on-on, love
