Blood Vibe

Never Modern Talk

yes way back (really tho)
I'm a modern talk (scario)
my headphones start (studio)
I'm pippidy podgie (pudio)
you can't fool me tho
you f around with a real pro
I'm a canibal, I'll eat chu up for dinner
I'm a sicko
people compare us with zombies
we always ready for action
The beats banging around the world
for your satisfaction
don't ask questions, hold your head until the beat drop
the new school is not about that beep bop
(Make the crowd go)

Get ready for the show down
show down X2
ready for the show down
boom now, ready for the show down

(Make the crowd go)

Get ready for the show down
show down X2
ready for the show down
boom now, ready for the show down
