

Bi-polar Bear

Stone Temple Pilots

So I'm lettin' it go again
I'm halfway full on
Left my meds on the sink today
My head will be racin' by lunch timeDon't sleep behind the wheel at the stoplight
Can't sleep behind the wheel as you're drivin' home
Keep comin' down the hill as you're fallin'
Keep fallin' from the hill as you're comin' down
Can't sleep behind the wheel at the stoplight
Can't sleep behind the wheel as you're drivin' homeSo I'm holdin' her hand again
My palm sweats hold on
Think I've had too much coffee
I'm manic as hell
But I'm goin' strong
Left my meds on the sink again
My head will be racin' by lunch timeDon't sleep behind the wheel at the stoplight
Can't sleep behind the wheel as you're drivin' home
Keep comin' down the hill as you're fallin'
Keep fallin' from the hill as you're comin' down
Can't sleep behind the wheel at the stoplight
Can't sleep behind the wheel as you're drivin' homeDon't sleep behind the wheel at the stoplight
Can't sleep behind the wheel as you're drivin' home
Keep comin' down the hill as you're fallin'
Keep fallin' from the hill as you're comin' down
Can't sleep behind the wheel at the stoplight
Can't sleep behind the wheel as you're drivin' home
