

# Wasted

## Cartel

Its 2:45, the baby takes his first breath  
The mother never knew he only had a few left  
And the father gets a call in the middle of the night  
His breath gets short and his chest gets tight But hes sixteen and hes driving too fast  
Takes a turn to the left, it would be his last  
Nobody knows what happens if he turns to the right  
Nobody in the car wouldve died that night But hes thirty-two and invincible  
The cancer he had it was visceral  
He never saw it coming, thought he had his whole life  
Sick in the morning and he died in the night Were all so, were on the run  
But we're aware, oh  
Oh, were wasted, no, no, no  
Were all wasted  
Were wasted, no, no  
Were all wasted He's seven years old, got his bat in his hand  
Hes looking for his father and he doesnt understand  
'Cause dads too busy, got some deals on the way  
His son sits alone as the children play And hes eighteen he couldnt wait to move out  
His parents wonder what all the rush is about  
They never bothered with his dreams, only thinking of theirs  
Wonders why he doesnt call and why he doesnt care But hes thirty-two and invincible  
With everything he is based on principle  
He never had a truly happy moment in his life  
He didnt want the kids and he didnt want his wife Were wasted, no, no, no  
Were all wasted  
Were wasted, no, no  
Were all wasted Were wasted  
Were all wasted  
Were all wasted, no, no  
Were all wasted Twenty-three now, got his life in his hands  
Hes looking all around and he doesnt understand  
'Cause lifes too busy, things get in the way  
We all feel alone every single day And at eighteen, couldnt wait to move out  
Its been five years and now Im starting to doubt  
Whether all my dreams are just aimless stares  
Looking up to some place that isnt there When Im thirty-two will I be miserable?  
With everything around based on principle?  
Will I have a clue? Oh, wouldnt it be nice  
To never be alone in this wasted life? Were wasted, no, no, no

Were all wasted  
Were wasted, no, no  
Were all wastedWere wasted  
Were all wasted  
Were all wasted, no, no  
Were all wastedWere wasted  
Were wasted  
Were wasted, no, no  
All wasted
