Get Down On It

Kayah

What you gonna do?
Blue gonna get down
What you gonna do?
Blue gonna get down
Blue gonna get down
Get down on it, c'mon and
Get down on it, if you really want it
Get down on it, you gotta feel it
Get down on it, get down on it
Get down on it, c'mon and
Get down on it, if you really want it
Get down on it, you gotta feel it
Get down on it
How you gonna do it if you really don't wanna dance
By standing on the wall, get your back off the wall, tell me
How you gonna do it if you really don't wanna dance
By standing on the wall, 'cause I heard all my people saying
Get down on it, c'mon and
Get down on it, if you really want it
Get down on it, you gotta feel it
Get down on it, get down on it
Get down on it, c'mon and
Get down on it, if you really want it
Get down on it, you gotta feel it
Get down on it
I say people, what, what you gonna do?
You've gotta get on the groove, yeah
If you want your body to move, tell me, baby
How you gonna do it if you really don't want to dance
By standing on the wall get your back up off the wall, tell me?
How you gonna do it if you really won't take a chance
By standing on the wall get your back off the wall?
'Cause I heard all the people saying
Get down on it, c'mon and
Get down on it, if you really want it
Get down on it, you gotta feel it
Get down on it, get down on it
Get down on it, c'mon and
Get down on it, if you really want it

Get down on it, you gotta feel it
Get down on it
You know it when you're dancing, yeah
You show it when you move, move, move
You know it when you're dancing, yeah
You show it as you move across the floor
When I move you move just like that
It's your girl Lil' Kim on the throwback
I'm just cooling out me and the gang
Girls pop that thing and get down on it
If you really want it got the feeling
C'mon, c'mon, c'mon get down on it down
C'mon, c'mon
I said, ?Move like that what you mean like this?
Kool and The Gang, Blue and Lil' Kim
We all teamed up for this collaboration
We're gonna turn it into a celebration
If your sitting I suggest all rise
I got 8 bass som in'a spit in time
So, don't feel guilty just 'coz yo're with me
Back off the wall ya, one love
We gotta get down now
We gotta get down on now
We're taking you down now
We're taking down now
Get down on it, get down on it
Get down on it, get down on it
Get down on it, get down on it
Get down on it, you move me baby
Get down on it, get down on it
Get down on it, get down on it
Get down on it, get down on it
Get down on it
