Dangerous Rhythm

Ultravox

Dangerous rhythm
Dangerous rhythm
Dangerous rhythm in the airStranger to stranger
We're both dressed for danger
Something is generating hereOh, take off your halo
For the all night inferno
Something is happening in the airIt's not like anything I've ever known before
And I don't careDangerous rhythm
Dangerous rhythm
Dangerous rhythm in the airSurging and merging
Urgent and urging
Soft as a footstep on the stairThe red light is on now
My gravity's gone and how
I can feel something in the airIt's not like anything I've ever known before
And I don't careDangerous rhythm
Dangerous rhythm
Dangerous rhythm in the airDangerous rhythm
Dangerous rhythm
Dangerous rhythm in the airDangerous rhythm
Dangerous rhythm
Dangerous
